

Industrial Park

INDUSTRIAL PARK Not a Penny for Investment Needed! Just Your Commitment of Purchase Orders. We will build and further establish your Industrial Park in China! We are specialized in manufacturing medical and many products. What we do:

- Joint Venture China Manufacturing!
- Single Source Supplier:

- Biomedical Engineering Products
- Food Service Products
- Biodegradable Products
- Any Products You Need to Buy or Produce in China

The most success for your future is having your own Joint Venture Manufacturing Facilities in China, or your own procurement office in China. Here, we will help you to grow into the millennium! Which we will help you to establish:

- Your Own Industrial Park in China!
- Your Buying Office in China for All Your Products!

Your Unique Industrial Park:

- Would be GMP/ISO Certified
- Average cost of labor per person: \$50-100/month
- Hard working people
- Friendly & family oriented environment This is How to increase your profit and stay competitive all the time.
- Mail us your products & services along with specifications.
- We'll evaluate and present a quotation of potential products which ensure 30% cost saving
- If YES then schedule an introductory meeting at your office.
- Reach a confidentiality & Non-circumvent agreement or representative agreement.
- Come to China and visit our facilities.
- Commit your purchase orders with us
- Build your own facilities that will grow into Your Industrial Park.

Then it'll be Your Worldwide Manufacture Center in China!
